WELCOME SPEECH CHAIRMAN

Dear Colleagues,

It is my great pleasure to welcome you to International Congress of Endoscopic Laparoscopic Surgeons of Asia (ELSA) 2024 to be held in Bali, Indonesia from August 14th to 17th, 2024, our most beloved and most beautiful island.

Since the first congress, our congress has grown into one of the most authoritative congresses while remarkably contributing to the advancement of techniques of minimally invasive surgery. ELSA is the best place for all the surgeons, especially in Asia, to collaborate and to build relationships for the future of minimal invasive surgery.

This will follow in the footsteps of previous congresses and continue to abide by its standard of excellence. Under the theme of "Culture meets Science" our congress committee will organize our programs to gather all surgeons in Asia who are interested in the field of endoscopic surgery.

I am confident that we will successfully organize the best congress and meet in-person with the more colleagues at the upcoming congress. Be sure to mark the dates in your calendar and please stay safe and healthy until we meet at International Congress of Endoscopic Laparoscopic Surgeons of Asia (ELSA) 2024.

We look forward to seeing you all in Bali, Indonesia

WELCOME SPEECH

Errawan Wiradisuria, MD
Honorary President

Dear Colleagues,

It is a great pleasure and honor that we share this invitation to our esteemed colleagues in the field of endoscopic laparoscopic surgery. We cordially invite your active participation in the upcoming International Congress of Endoscopic Laparoscopic Surgeons of Asia (ELSA) 2024, scheduled to take place from August 14th to 17th, 2024, at The Stones Hotel in Legian, Bali, Indonesia.

This invitation is extended on behalf of the Endoscopic Laparoscopic Surgeons of Asia (ELSA) and is proudly cohosted by the Indonesian Society of Endo-Laparoscopic Surgeons (ISES/PBEI). The primary objective of this annual Congress is to facilitate the dissemination and promotion of updated knowledge in minimally invasive surgery, fostering open dialogue among all participants.

We specifically chose Bali as the venue due to its strategic location, easy accessibility with direct flights from prominent cities worldwide, visa on arrival facilities for 93 countries, and robust infrastructure.

With Bali's reputation and convenient access, we are confident that the International Congress of ELSA 2024 will set a new record in terms of participant numbers. The recently renovated spacious international airport, the newly constructed direct toll road from the airport to every destination in Bali, coupled with the warmth and hospitality of our people, will ensure the smooth progress of the meeting and the comfort of all participants.

Your participation in this occasion will undoubtedly contribute to the success of this international meeting, fostering a fruitful exchange of knowledge and experiences.

We express our gratitude and eagerly anticipate your presence, which will enhance the mutual benefits of our scientific gathering.

Thank you, and we look forward to welcoming you.

ABOUT BALI

Bali, officially known as the Province of Bali (Indonesian: Provinsi Bali), is a captivating island and province of Indonesia, renowned for its enchanting landscapes, vibrant culture, and warm hospitality. Nestled in the westernmost end of the Lesser Sunda Islands, Bali is a jewel in Indonesia's archipelago. Spanning an area of approximately 5,780 square kilometers, Bali is home to a diverse population that embraces its rich heritage.

With a history dating back centuries, Bali has evolved through various cultural phases. Originally known as the Island of Gods, Bali has experienced a series of name changes, reflecting its dynamic past. From the ancient times when it was referred to as "Devadipa" to the Majapahit era, Bali has seen its identity transformed. The island was later dubbed "Bali Dwipa" in the 11th century, signifying its significance in the maritime world.

Bali is synonymous with its unique Hindu-influenced culture, evident in its vibrant ceremonies, traditional dances, and ornate temples. The island's artistic expression extends to its intricate woodcarvings, colorful batik fabrics, and captivating Balinese paintings, all of which contribute to Bali's allure as a cultural haven.

Blessed with a tropical climate (Am in the Köppen climate classification), Bali boasts lush landscapes, from terraced rice fields to pristine beaches and volcanic mountains. The island's diverse ecosystems provide a haven for flora and fauna, making it a destination for nature enthusiasts and adventure seekers alike.

Despite its allure, Bali faces its own set of challenges. Rapid tourism development and urbanization have presented environmental concerns, while the island grapples with issues such as waste management and water scarcity. Striking a delicate balance between preserving its cultural heritage and adapting to the demands of modernization remains a priority for the people of Bali.

In the midst of these challenges, Bali continues to captivate the world with its beauty and charm. As one of Indonesia's most iconic destinations, Bali's resilience and commitment to preserving its unique identity make it a beacon of inspiration for cultural preservation and sustainable development.

ABSTRACT SUBMISSION

The committee will provide an **EDUCATIONAL GRANT** for **50 Participants** with submission abstract before April 30th, 2024.

Free Registration and 2 nights accommodation at three star hotel or similar near the venue

ELSA ABSTRACT SUBMISSION RULES & GUIDELINES

General

- Authors may submit abstracts for oral presentations or poster sessions for International Congress of Endoscopic Laparoscopic Surgeons of Asia
- Abstract must be submitted online at <https://elsa2024.com/abstract/> no later than April 30th 2024.
- Authors must be registered to attend the event.
- As they submit an abstract, authors have to be aware that they must register to the congress if they have an abstract accepted, and be onsite in case of oral presentation.

Topics

- Abstracts must be in the areas of Endoscopic & Laparoscopic

Evaluation

- Abstract submissions will be reviewed by the Abstracts Review Committee for acceptance.
- Abstract acceptance notifications will be sent to authors by email no later than July 1st, 2024.

Publication

Accepted abstracts will be published in the scientific and online programs of the International Congress of Endoscopic Laparoscopic Surgeons of Asia

The ELSA Young Investigator Awards for Research and Clinical Innovation

- Awards Will Be Presented To 30 Registered Participants Whose Abstracts Suggest A Significant Contribution Through Research Or Clinically Innovative Techniques To The Fields Of Endoscopic Laparoscopic.
- Eligible Participants May Apply For The Awards By Clicking YES On The Appropriate Checkbox On The Submission Form.
- Visit <https://Elsa2024.Com/Abstract/> For More Information About These Awards.

ABSTRACT SUBMISSION

Length, style, and formatting

- Abstracts should have a clear hypothesis and methodology, list all author names and institutions, and designate a corresponding author.
- The body of text can be a maximum of 300 words and cannot include figure nor table.
- Abstracts should be written in a structured format and include: Title, Authors names, Authors affiliations, Background, Methods, Results, and Conclusion.
- Case reports are also acceptable and should be identified as such on the submission form. Case reports should be structured as follows: Title, Authors names, Authors affiliations, Background, Case report, and Conclusion.
- The abstracts title should begin with a capital letter followed by lower case lettering.

Originality and linguistic accuracy

- Abstracts must contain original data, be free of plagiarism, and be written and submitted in English.
- The linguistic accuracy of the abstract is the responsibility of the authors.

Disclosure of funding source(s)

- Abstracts must provide the funding source (industry name, grant name, or other applicable funding) if one exists.
- Commercial names, trade names and company brands should not be mentioned in the abstract title; however, they may be mentioned in the body of text.
- Abstracts containing elements that might lead to patient identification shall be disqualified.

Oral Presentation

- Oral presentations are 10 minutes with 5 minutes for questions.
- Powerpoint presentations may be used. The presenter must provide the presentation moderator your Powerpoint files on a USB memory stick in advance.
- E-POSTER PRESENTASI & PODIUM PRESENTASI

Rasio 16:9 atau 4:3 (Landscape)

File MS. PowerPoint

Number of Slides : 12 - 15

Presentation Time : 5 minutes

Presentation Language : English

ABSTRACT SUBMISSION

Poster Presentation

- Text, figures, and images may be included.
- Posters will be presented in e-poster.
- E-Poster Display :
Rasio 9:16 (Portrait)
FHD (1080x1920) atau 4K (2160x4090 Pixels)
File JPG/PNG
Language : English

Copyrights

- Authors are required to write an original abstract that fulfills accepted criteria for copyright purposes.
- By submitting an abstract, all authors attest that the abstract submitted has not been previously published elsewhere and transfers, assigns, or otherwise conveys all copyright ownership, including any and all rights incidental thereto, exclusively to ELSA.

If an author chooses to submit information from an abstract that has previously been presented and/or published, all data must be updated, current, and rewritten in a manner that does not infringe on international copyright laws. Authors are responsible for obtaining permission to include any copyrighted material in their abstract presentations. All authors will be required to agree to a copyright assignment statement when submitting an abstract.
