

[KSERS 2024] The KSERS 54th Annual Congress & 14th International Symposium (April 11-13, 2024)

We are delighted to invite you to join us on the momentous occasion of the 54th Congress of KSERS & 14th International Symposium (KSERS 2024) to be held at Daejeon Convention Center, Daejeon, South Korea, from April 11-13, 2024.

With the Korean Society of Endoscopic Robot Surgery (KSERS) as one of the leaders in the standardization and globalization of robotic surgery, the 2024 International KSERS symposium will discuss the latest trends with NEW academic programs to promote exchanges among members and strengthen cooperation with international societies such as EAES, JSES, SAGES, ELSA and IFSES to develop into a greater international collaboration. We will do our best to implement a new website and actively support members so they can easily participate and promote their rights and interests.

We truly believe KSERS 2024 will be a highly rewarding international festival for each and every one of our participants, so please mark the dates in your calendar now and follow our updates on our website!

We invite you to Daejeon Convention Center where science, art, technology, and humans coexist. A waterside cultural complex district formed around Gapcheon River will provide a variety of entertainment to participants visiting Daejeon. Daejeon, located in the center of Korea, can be reached within 2 hours from anywhere in the country, including 50 minutes from Seoul and 90 minutes from Busan.

We hope you stay healthy in the meantime and look forward to meeting you at the KSERS 2024 Congress in Daejeon!
